## *Trips for 2025-2026*

# BBMA Curricular Enrichment

## Trips 2025-2026

Dear Parent/Carer,

This booklet aims to give you an idea of the opportunities that **may** be offered over the course of your child's time at Benjamin Britten. This list is ever-growing, so it is not final, but it gives you the chance to plan ahead, as we do understand that not all children will be able to do everything on offer!

The advertised trips, dates, places available and the costs are subject to change, so please use them as a guide as opposed to something set in stone. Please also be aware that if we do not receive enough interest in the trips, they may not be able to run.

### Expressing Interest

All trips are launched via the MCAS app. If your child is interested in attending the trip, parents/carers need to 'consent' to their child attending the trip on the MCAS app and pay the initial deposit/payment. This is **non-refundable**, unless the trip does not take place, or your child does not gain a place on the trip. **Please note:** 'Consenting' to your child attending the trip and paying the deposit **does not** automatically secure a place for your child on the school trip – it expresses an interest.

### Oversubscribed Trips

If a trip is oversubscribed, places will be randomly allocated by means of a draw. To ensure a fair distribution of trip opportunities across year groups and scholars, we may prioritise those scholars that have not been successful in gaining a place on previous trips. Any scholars unsuccessful in gaining a place on the trip will receive a refund of the deposit and a place on the waiting list.

### Behaviour Concerns

We reserve the right to remove a child from the 'interest list,' the 'waiting list' or the 'trip list' itself if their behaviour causes significant concern to the safe running of the trip.

If you have any questions with regards to any information within this 'Trip Brochure,' please contact the Trips Coordinator, Mrs H Wincup, in the first instance: [h.wincup@benjaminbritten.school](mailto:h.wincup@benjaminbritten.school).

Best wishes,

Mrs K Armon  
Assistant Headteacher, Head of Lower School

# Why do we offer so many trip opportunities?

At Benjamin Britten we offer trips and visits for several important reasons, each contributing to the holistic development of scholars. Here are some key reasons why we offer these opportunities.

1. **Enhanced Learning Experiences:** Trips and visits provide practical, real-world experiences that complement classroom learning. They allow scholars to see and experience concepts first-hand, which can deepen understanding and retention of the material.
2. **Cultural Exposure:** Visits to museums, historical sites, and cultural institutions expose scholars to different cultures, histories, and perspectives. This fosters cultural awareness and appreciation, broadening their worldview.
3. **Social Development:** Trips encourage scholars to interact with peers, teachers, and other members of the community in different settings. This helps build social skills, teamwork, and interpersonal relationships.
4. **Personal Growth:** Travel can boost scholars' confidence and independence. Being in new environments and facing challenges outside the classroom helps them develop problem-solving skills and adaptability.
5. **Career Exposure:** Visits to businesses, universities, and colleges give scholars insight into potential career paths. They can learn about different professions and industries, helping them make informed decisions about their future.
6. **Engagement and Motivation:** Trips and visits can make learning more exciting and engaging. They break the routine of classroom instruction and can reignite scholars' interest and enthusiasm for learning.
7. **Hands-On Learning:** Many educational trips involve interactive and hands-on activities. Whether it is experiencing an earthquake in the Natural History Museum or participating in a workshop, these activities reinforce learning through doing.
8. **Real-World Application:** Trips show scholars the relevance of what they are learning in school to the real world. This can help them understand the importance of their studies and how they apply outside the classroom.
9. **Memory and Experience Building:** Experiences from trips often become cherished memories. They can also serve as reference points for future learning and personal growth.
10. **Community Connection:** Local trips help scholars connect with their community, understanding its resources, history, and people. This fosters a sense of belonging and civic responsibility.

Overall, our visits are integral to providing a well-rounded education, enriching the traditional curriculum, and supporting the development of versatile, knowledgeable, and socially adept individuals. Over the course of their time with us scholars will be offered several opportunities which could be evenings, part-days, whole days or residential. Some are costly and we ensure a payment plan is in place.

# Year 7

Potential Trip	Month	Estimated Cost	Number of Places (Approximate)	Details
Whitlingham Adventures (Transition)	September	£40 (for both Transition trips)	270	Teambuilding opportunity in tutor groups.
Red House and Aldeburgh (Transition)	November	£40 (for both Transition trips)	270	Learning the heritage of our namesake, Benjamin Britten.
The Natural History Museum (Geography)	November	£50	46	Scholars' first topic in Year 7 Geography is Tectonic Activity, so scholars will visit the Red Zone and 'travel' through the earth to arrive at the earthquake and volcano zone.
Art Exhibition, London (Visual Arts)	November	£40	46	Showcases some of the world's greatest works of art presented in ways never seen before.
Harry Potter Studio Tour (English)	December	£50	46	Step on to authentic sets, discover the magic behind spellbinding special effects and explore the behind-the-scenes secrets of the Harry Potter film series.
UEA 'ScrapBot Challenge' (STEAM)	January	£0	15	Hands-on engineering challenge, fostering teamwork, problem-solving and creativity.
National Horse Racing Museum (STEAM)	January	£40	46	Scholars explore horse anatomy, use simulators to understand biomechanics, see sporting art, take part in creative workshops, and gather biodiversity data through eco projects. They also meet retired racehorses, linking learning to real-world animal care and sustainability.
Tower of London (History)	January/February	£35	46	Explore London's iconic castle. Get up close to the Crown Jewels and meet the legendary Yeoman Warders and ravens.
Storming the Castle at Norwich Castle (Mathematics)	January/February	£25	46	Use maths to investigate a real historical event – the siege of Norwich Castle in 1216.
Beach Fieldwork (Geography)	March	£0	270	One full day of Geography fieldwork starting at Dip Farm, Corton, and ending at Claremont Pier.
Norfolk County Music Festival	March	£0	50	Scholars represent the school in various performances showcasing our talent.
Year Team Residential	March	£200	270	A 1-night stay action-packed with daytime activities. Venue TBC.
End of Year Trip	July	£25	270	A day out to celebrate a successful year as Year 7 pupils. Venue TBC.

Potential Trip	Month	Estimated Cost	Number of Places (Approximate)	Details
Barcelona (Food Technology)	October	£795	30	Scholars will experience the sights, sounds and tastes of Barcelona's thriving hospitality industry, the rich gastronomy and colourful local food markets. They will enjoy a visit to the famous La Boqueria Market and enjoy the delights of chocolate making at the chocolate making museum. They will explore the culinary traditions of Barcelona, including a visit to a tapas restaurant and a paella show. We have also included a guided visit to La Sagrada Familia, visit to Park Guell and Las Ramblas shopping area.
Paris (Languages)	November	£780	80	Scholars will take a Bateaux Parisiens riverboat tour along the River Seine, go up the Eiffel Tower to get a panoramic view of Paris, and have a coach tour of Paris with photo opportunities of the Louvre and Sacré Coeur. They will also visit Les Invalides and get a tour of the Stade de France. They will then spend an afternoon and the final full day at the two Disney Parks, culminating in watching the famous fireworks display.
Sainsbury Centre (Visual Arts)	November	£21	46	An international art museum home to world class art collections from contemporary to anthropological and archaeological themes, and 350-acre outdoor Sculpture Park.
John Innes Centre (STEAM)	November	£10	14	An independent, international centre of excellence in plant science, genetics, and microbiology.
UEA 'ScrapBot Challenge' (STEAM)	January	£0	14	Hands-on engineering challenge, fostering teamwork, problem-solving and creativity.
Africa Alive (Geography)	March	£20	98	To support scholars' learning about Africa in their Geography lessons. Scholars attend a 1-hour educational talk where some reptiles may be brought for scholars to view.
Duxford Imperial War Museum (STEAM)	March	£40	46	Explore real aircraft, historic hangars, and exhibitions like the Battle of Britain and the American Air Museum, taking part in interactive workshops, including film-making challenges, meeting veterans, and trying on uniforms.
Norfolk County Music Festival	March	£0	50	Scholars represent the school in various performances showcasing our talent.
London Theatre (Performing Arts)	May	£60	49	An opportunity for scholars to watch one of the famous West End shows.
UKMT Maths Challenge	June	£0	14	UKMT is established to advance the education of children and young people in mathematics. by taking part in mathematics competitions.
End of Year Trip	July	£25	270	A day out to celebrate a successful year as Year 8 pupils. Venue TBC.

Potential Trip	Month	Estimated Cost	Number of Places (Approximate)	Details
Barcelona (Food Technology)	October	£795	30	Scholars will experience the sights, sounds and tastes of Barcelona's thriving hospitality industry, the rich gastronomy and colourful local food markets. They will enjoy a visit to the famous La Boqueria Market and enjoy the delights of chocolate making at the chocolate making museum. They will explore the culinary traditions of Barcelona, including a visit to a tapas restaurant and a paella show as well as a guided visit to La Sagrada Familia, visit to Park Guell and Las Ramblas shopping area.
Colchester Zoo (Mathematics)	November	£35	49	Scholars can discover 160 animal species in 60 acres of parkland and lakes, as well as using their mathematics skills to help them to complete trails.
Cadbury World (Geography)	December	£50	46	A visit to Cadbury World is more than eating chocolate! Scholars will take part in an educational talk about the provenance of cocoa and how chocolate is made. It supports the learning on development and globalisation in Geography.
Jimmy's Farm (Geography)	February	£30	46	By exploring living ecosystems and caring for animals, scholars see real-life examples of how to protect the environment and combat climate change.
Krakow, Poland (Citizenship)	March	£700	30	Scholars visit the Schindler Museum, with some guided walking tours, a thought-provoking trip to Auschwitz and a visit the Wieliczka Salt Mine.
Norfolk County Music Festival	March	£0	50	Scholars represent the school in various performances showcasing our talent.
London Theatre (Performing Arts)	May	£60	49	An opportunity for scholars to watch one of the famous West End shows.
UKMT Maths Challenge	June	£0	14	UKMT is established to advance the education of children and young people in mathematics. by taking part in mathematics competitions.
The Royal Norfolk Show (STEAM and Careers)	June	£10	100	Careers-related activities, engaging with local and national employers, apprenticeship providers and further and higher education providers. They will also be invited to explore the showground and attractions, including the interactive learning Discovery Zone, Show Farm, STEM Village, Broads Village, competition rings and many stalls.
Iceland (Science)	July	£1295	40	Iceland's most famous landmarks: The Blue Lagoon, the North American and Eurasian tectonic plate boundary in Thingvellir, the Gullfoss waterfalls, a 'Golden Circle' day tour, the Eyjafjallajökull Volcano, the Solheimajokull Glacier, and the Lava Fields.
End of Year Trip	July	£25	270	A day out to celebrate a successful year as Year 8 pupils. Venue TBC.

# Year 10

Potential Trip	Month	Estimated Cost	Number of Places (Approximate)	Details
Carlton Marshes (Photography)	September	£7	46	Practising photography skills 1,000 acres of wilderness in the Broads National Park, with floodplain marsh and lowland fen home to some of the largest populations of wading birds in the East of England.
Milton Keynes Gallery (Photography)	September	£23	46	Students will be viewing the 'Paz Errazuriz: Dare to Look' exhibition, "They are topics that society doesn't look at, and my intention is to encourage people to dare to look." – Paz Errázuriz.
Sicily (Geography)	October	£1200	25	Climb an active volcano, visit another island, gorge trek, explore the Roman ruins of Taormina and make pizza.
Hamilton Theatre Trip (History and Performing Arts)	October	£43	46	A Hamilton theatre trip helps History pupils by making key historical events more engaging and memorable, and supports Performing Arts pupils by showcasing modern musical theatre, creative staging, and powerful storytelling.
Visits to Local Colleges	October, November, and December	£0	270	An opportunity to explore the local Colleges and the courses they have on offer for scholars when they leave us in Year 11.
Barcelona (Food Technology)	October	£795	30	Scholars will experience the sights, sounds and tastes of Barcelona's thriving hospitality industry, the rich gastronomy and colourful local food markets. They will enjoy a visit to the famous La Boqueria Market and enjoy the delights of chocolate making at the chocolate making museum. They will explore the culinary traditions of Barcelona, including a visit to a tapas restaurant and a paella show. We have also included a guided visit to La Sagrada Familia, visit to Park Guell and Las Ramblas shopping area.
Winter Wonderland, Norwich (Year Team)	December	£30	100	Year Team trip to kick start the Christmas festivities.
