Task Two: Vocabulary learning – Numbers and months

EXERCICE 1. Use some of these strategies to learn the vocabulary for numbers 1 - 31 and the months of the year in French.

Learning vocabulary

- 1 Look, say, cover, write, check.** Use this strategy when trying to memorise vocabulary.
- 2 Sticky notes.** Write new words on sticky notes and stick them around your bedroom or in places where you will see them regularly. When learning vocabulary, 'a little and often' is better than 'a lot only once'.
- 3 Language links.** Make links in your mind when you are learning a new word. Is it like English? Does it remind you of another word? If so, make a little link. For example, *poisson* looks like poison, so imagine a poisonous fish.
- 4 Vocabulary ranking.** List new vocabulary from the easy ones to the most difficult. Don't spend too much time on the easy words. Start with the difficult ones and spend more time learning those!

Les nombres		Les mois de l'année
0 zéro	16 seize	janvier
1 un	17 dix-sept	février
2 deux	18 dix-huit	mars
3 trois	19 dix-neuf	avril
4 quatre	20 vingt	mai
5 cinq	21 vingt et un	juin
6 six	22 vingt-deux	juillet
7 sept	23 vingt-trois	août
8 huit	24 vingt-quatre	septembre
9 neuf	25 vingt-cinq	octobre
10 dix	26 vingt-six	novembre
11 onze	27 vingt-sept	décembre
12 douze	28 vingt-huit	
13 treize	29 vingt-neuf	
14 quatorze	30 trente	
15 quinze	31 trente et un	

EXERCICE 2. When you think you have learnt them, cover the grid and have a go at these sums:

un + cinq = _____

trois x six = _____

sept + trois = _____

huit + quatre = _____

neuf + sept = _____

dix – six = _____

treize – cinq = _____

cinq + quatorze = _____

treize + sept = _____

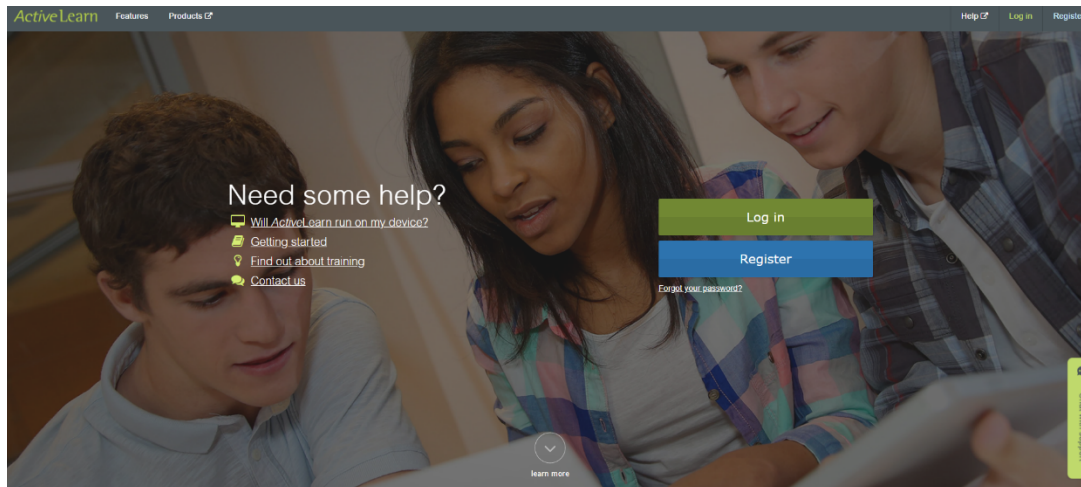

vingt – cinq = _____

trois x cinq + deux = _____

vingt – neuf = _____

Task Four: Les animaux

EXERCICE 1. Label the animals with their French names using the list below. If there are any that you cannot remember, search them on wordreference.com.

un poisson	un lapin	un oiseau	un chien
un cochon d'Inde	une tortue	je n'ai pas d'animal	un chat
un cheval	un serpent	un hamster	une souris

EXERCICE 2. Translate the sentences below. You may need to revise the numbers again on page 3. The first one has been done for you.

- A. J'ai trois lapins. I have three rabbits
- B. J'ai sept serpents. _____
- C. J'ai un chat et cinq hamsters. _____
- D. J'ai quinze poissons. _____
- E. J'ai deux chiens et huit serpents. _____
- F. J'ai onze tortues et quatre oiseaux. _____
- G. J'ai six chevaux mais je n'ai pas de chat. _____
- H. J'ai une souris et neuf cochons d'Inde. _____

EXERCICE 3. Like in English, most French nouns also form their plural by adding an -s to their singular form e.g. un lapin – deux lapins. However, there are some exceptions. Look at the sentences above, which animals do not follow this pattern?

CHALLENGE. For an achievement point, pretend you are the owner of the pets below and write a list in French of all your animals. Pay attention to the plurals.

- *J'ai six chiens.* _____
- _____
- _____
- _____
- _____
- _____
- _____
- _____

EXERCICE 4. Can you remember the colours in French? Translate as many as you can into English and then use wordreference.com to find any you have missed.

bleu	
vert	
rouge	
jaune	
blanc	
rose	

marron	
violet	
gris	
orange	
noir	

Unlike in English, most adjectives in French go after the noun. To say 'I have a white dog' in French is 'J'ai un chien blanc'. Colours also have to agree with the nouns they are describing, so if the animal is feminine (une), the colour changes spelling. For example, 'I have a white mouse' is 'J'ai une souris blanche'.

EXERCICE 5. Make sure you have read the information above carefully and then unjumble the sentences below.

- A. une verte j'ai tortue _____
- B. lapin j'ai un gris _____
- C. marron cheval un j'ai _____
- D. j'ai une noire souris _____
- E. un poisson j'ai rouge _____
